Telephone (Ge	eneral) 440-934-1902 800-424-9300 - CHEMTREC
	Section 2 Hazards Identification
2.1 Classification of t	the substance or mixture
	according to OSHA 29 CFR 1910.1200 HCS
	nts, including precautionary statements
	ent(s) required
2.3 Hazards not othe	erwise classified
None known.	
	Section 3 Composition/Information on Ingredients
3.1 Mixture of Substa	ances
Proprietary m	ixture of synthetic waxes, and oil soluble dye(s).
No component	ts need to be disclosed according to the applicable regulations.
	Section 4 First Aid Measures
4.1 Description of fir	
4.1 Description of fir Inhalation	
Inhalation	rst aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing.
	rst aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat.
Inhalation	rst aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention.
Inhalation Skin contact	rst aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention. For contact at ambient temperatures, wash with soap and water.
Inhalation	rst aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention. For contact at ambient temperatures, wash with soap and water. Immediately flush with plenty of water for at least 15 minutes.

Section 9 Physical and Chemical Properties

9.1 Information on physical and chemical properties

Physical State:SolidColor:PinkOdor:MildOdor Threshold:No data available
Odor Threshold: No data available
pH: Not applicable
Melting Point: >156°F (69°C)
Boiling Point: No data available
Decomposition Temperature: No data available
Flash Point: >465°F (240°C)
Flammability: No data available
Lower Explosion Limit: No data available
Upper Explosion Limit: No data available
Vapor Density: No data available
Specific Gravity: 0.9 ± 0.05
Water Solubility: Insoluble
Partition Coefficient: n-octanol/water: No data available
Autoignition Temperature: No data available
Viscosity: Not applicable
Explosive Properties: Not explosive
Oxidizing Properties: Not an oxidizer

Section 10 Stability and Reactivity

10.1 Reactivity:
10.2 Chemical stability:
10.3 Possibility of hazardous reactions:
10.4 Conditions to avoid:
10.5 Incompatible materials:

10.6 Hazardous decomposition products

No dangerous reaction known under conditions of normal use. Stable under recommended storage conditions. Hazardous polymerization does not occur. Heat, sparks, open flame. Avoid dust formation. Strong oxidizing agents. In case of fire hazardous decomposition products may be produced: carbon monoxide, carbon dioxide, irritating smoke.

Section 11 Toxicological Information

11.1 Information on toxicological effects Acute Toxicity – Dermal Acute Toxicity – Inhalation Aspiration Hazard Carcinogenicity Germ Cell Mutagenicity Skin Corrosion/Irritation Skin Sensitization Serious Eye Damage/Irritation Toxicity for Reproduction Respiratory Sensitization Specific Target Organ Toxicity (STOT) - single exposure - repeated exposure

No data available No data available Not relevant Classification criteria not met No data available

No data available

Section 12 Ecological Information 12.1 Toxicity Not expected to be harmful to aquatic organisms 12.2 Persistence and degradability Expected to be inherently biodegradable 12.3 Bioaccumulative potential No data available 12.4 Mobility in soil Expected to partition to sediment and wastewater solids 12.5 Results of PBT & vPvB assessment No data available **Section 13 Disposal Considerations 13.1 Disposal** Follow applicable Federal, State, and local regulations. **Section 14 Transport Information** DOT, TDG, IMO/IMDG, IATA/ICOA: 14.1 Not regulated **Section 15 Regulatory Information** 15.1 Safety, health and environmental regulations/legislation specific for the product Inventories: This product complies with the following inventories: USA TSCA SARA 302 Components: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302. SARA 311/312 Hazards Classifications: None SARA 313 Components: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313. **RCRA:** In the form delivered, this product is not considered as hazardous waste, and is not subject to reporting under the Resource Conservation and Recovery Act. **California Proposition 65:** This product is not known to contain any components for which the State of California has found to cause cancer, birth defects or other reproductive harm. **Section 16 Other Information** 16.1 Disclaimer The following supersedes Buyer's documents. SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. No statements herein are to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller be liable for incidental, consequential or indirect damages for alleged negligence, breach of warranty, strict of liability arising in connection with the product(s). Buyer's sole remedy and Seller's sole liability for any claims shall be Buyer's purchase price. Data and results are based on controlled lab work and must be confirmed by Buyer by testing for its intended conditions of use. The product(s) has not been tested for, and is therefore not recommended for, uses for which prolonged contact with mucous membranes, abraded skin, or blood is intended; or for uses for which implantation within the human body is intended. Date of Issue: June 1, 2015 Date of Revision: July 8, 2022
