#### Section 9 Physical and Chemical Properties

## 9.1 Information on physical and chemical properties

Physical State:	Solid
Color:	Brown
Odor:	Mild
Odor Threshold:	No data available
pH:	Not applicable
Melting Point:	>140°F (60°C)
Boiling Point:	No data available
Decomposition Temperature:	No data available
Flash Point:	>378°F (192°C)
Flammability:	No data available
Lower Explosion Limit:	No data available
Upper Explosion Limit:	No data available
Vapor Density:	No data available
Specific Gravity:	$0.9 \pm 0.05$
Water Solubility:	Insoluble
Partition Coefficient: n-octanol/water:	No data available
Autoignition Temperature:	No data available
Viscosity:	Not applicable
Explosive Properties:	Not explosive
Oxidizing Properties:	Not an oxidizer

#### Section 10 Stability and Reactivity

10.1 Reactivity:

**10.2 Chemical stability:** 

- **10.3 Possibility of hazardous reactions:**
- 10.4 Conditions to avoid:
- **10.5 Incompatible materials:**
- 10.6 Hazardous decomposition products

No dangerous reaction known under conditions of normal use. Stable under recommended storage conditions. Hazardous polymerization does not occur. Heat, sparks, open flame. Avoid dust formation. Strong oxidizing agents. In case of fire hazardous decomposition products may be produced: carbon monoxide, carbon dioxide, irritating smoke.

#### **Section 11 Toxicological Information**

11.1 Information on toxicological effects Acute Toxicity - Dermal Acute Toxicity - Inhalation Aspiration Hazard Carcinogenicity Germ Cell Mutagenicity Skin Corrosion/Irritation Skin Sensitization Serious Eye Damage/Irritation Toxicity for Reproduction Respiratory Sensitization Specific Target Organ Toxicity (STOT) - single exposure - repeated exposure

No data available No data available Not relevant Classification criteria not met Classification criteria not met

No data available No data available

**Safety Data Sheet** 

**Blockout Wax** 

#### Section 12 Ecological Information

12.2 Persistence and degradability

12.3 Bioaccumulative potential

12.4 Mobility in soil

12.5 Results of PBT & vPvB assessment

Not expected to be harmful to aquatic organisms Expected to be inherently biodegradable No data available Expected to partition to sediment and wastewater solids No data available

# Section 13 Disposal Considerations

13.1 Disposal

Follow applicable Federal, State, and local regulations.

### **Section 14 Transport Information**

# 14.1 DOT, TDG, IMO/IMDG, IATA/ICOA:

Not regulated

# Section 15 Regulatory Information

# 15.1 Safety, health and environmental regulations/legislation specific for the product

**Inventories:** This product complies with the following inventories: Australia AICS, Canada DSL/NDSL, China IECSC, Japan ENCS, Korea KECI, New Zealand NZIOC, Philippines PICCS, USA TSCA

**SARA 302 Components:** No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

### SARA 311/312 Hazards Classifications: None

**SARA 313 Components:** This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**RCRA:** In the form delivered, this product is not considered as hazardous waste, and is not subject to reporting under the Resource Conservation and Recovery Act.

**California Prop. 65:** A WARNING: This product may expose you to chemicals including o-Aminoazotoluene, which is known to the State of California to cause cancer.

For more information, visit www.P65Warnings.ca.gov.

Chemical Name	CAS Number	Concentration (%)	No Significant Risk Level (NSRL)
o-Aminoazotoluene	97-56-3	< 0.002	0.2 μg/day

### Section 16 Other Information

### 16.1 Disclaimer

The following supersedes Buyer's documents. SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. No statements herein are to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller be liable for incidental, consequential or indirect damages for alleged negligence, breach of warranty, strict of liability arising in connection with the product(s). Buyer's sole remedy and Seller's sole liability for any claims shall be Buyer's purchase price. Data and results are based on controlled lab work and must be confirmed by Buyer by testing for its intended conditions of use. The product(s) has not been tested for, and is therefore not recommended for, uses for which prolonged contact with mucous membranes, abraded skin, or blood is intended; or for uses for which implantation within the human body is intended.

Date of Issue: June 1, 2015 Date of Revision: July 8, 2022
