Section 9 Phys	sical and Chemical Properties		
9.1 Information on basic physical and chemical pro	nartias		
Physical State:	Solid		
Color:	Yellow		
Odor:			
Odor: Odor Threshold:	Mild petrolatum No data available		
pH: Malting Daint	Not applicable		
Melting Point:	>147°F (64°C) No data available		
Boiling Point: VOC Content:			
	0		
Flash Point:	>378°F (192°C)		
Evaporation Rate:	No data available		
Flammability (solid, gas):	No data available		
Lower Explosion Limit:	No data available		
Upper Explosion Limit:	No data available		
Vapor Density:	No data available		
Specific Gravity:	$0.9 \pm 0.05$		
Water Solubility:	Insoluble		
Partition Coefficient: n-octanol/water:	No data available		
Auto-Ignition Temperature:	No data available		
Viscosity:	Solid at room temperature		
Explosive Properties:	Not explosive		
Oxidizing Properties:	Not an oxidizer		
Section 1	0 Stability and Reactivity		
10.1 Reactivity:	No dangerous reaction known under conditions of normal use.		
10.2 Chemical stability:	Stable under recommended storage conditions.		
10.3 Possibility of hazardous reactions:	Hazardous polymerization does not occur.		
10.4 Conditions to avoid:	Heat, sparks, open flame. Avoid dust formation.		
10.5 Incompatible materials:	Strong oxidizing agents.		
10.6 Hazardous decomposition products	In case of fire hazardous decomposition products may be		
	produced: carbon monoxide, carbon dioxide, irritating smoke.		
Section 11	Toxicological Information		
11.1 Information on toxicological effects	No data available		
Acute Toxicity – Dermal	No data available		
Acute Toxicity – Inhalation	No data available		
Acute Toxicity – Oral	No data available		
Skin Corrosion/Irritation Serious Eye Damage/Eye Irritation	Classification criteria not met		
	Classification criteria not met Classification criteria not met Classification griteria pot met		
Respiratory or Skin Sensitization			
Germ Cell Mutagenicity Carcinogenicity	Classification criteria not met		
Carcinogenicity	No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by IARC, NTP, or OSHA.		
<b>Reproductive Toxicity</b>	Classification criteria not met		
Specific Target Organ Toxicity (STOT)			
Single Exposure	No data available		
	No data available		
Repeated Exposure	No data avallable Not relevant		
Aspiration Hazard	1101 1 CIEValli
