

Freeman Ruby Red Flake Wax

Description

Similar to our Aqua Flake Wax, this all-purpose injection wax also provides the ideal balance of characteristics demanded by most designers and casters. It offers excellent flow and flexibility for injecting intricate molds as well as minimal shrinkage for larger molds. It is also recommended for stone-in-place casting. Many prefer the darker color for easier visual verification of fine detail.

Physical Properties

Color	Red
Ring & Ball Softening Point (°F)	160 (+/-6)
Injection Temperature (°F)	160
Congealing Temperature (°F)	142
Flash Point (°F)	465
Hardness (Shore D)	36
Specific Gravity	0.9 (+/-0.05)
Ash Content	0.009%
Viscosity (cps)	
@ 170°F	230
@ 160°F	290
@ 150°F	389
